Appellate Military Judges

**PER CURIAM:**

We have examined the record of trial, the assignment of error, and the government's reply thereto. The record reflects the personal data sheet and the report of result of trial were not attached to the staff judge advocate's recommendation (SJAR). The post-trial affidavit from the convening authority confirms that these documents were attached to the SJAR before he took action in this case. Although we do not condone the poor attention to detail on the part of the government in assembling the record of trial, we conclude the convening authority was provided all of the information required by Rule for Courts-Martial 1106(d).

The approved findings and sentence are correct in law and fact, and no error prejudicial to the substantial rights of the appellant occurred. Article 66(c), UCMJ, 10 U.S.C. § 866(c); *United States v. Reed*, 54 M.J. 37, 41 (C.A.A.F. 2000). Accordingly, the approved findings and sentence are

AFFIRMED.
