Appellate Military Judges

This opinion is subject to editorial correction before final release.

PER CURIAM:

This case is before our Court for further review because the original action was set aside. *United States v. Glover* ACM 36573 (A. F. Ct. Crim. App. 31 May 2007) (unpub. op.). This Court returned the case to The Judge Advocate General for remand to the convening authority for a new Staff Judge Advocate Recommendation (SJAR) and action because the original SJAR and its attachment (AF Form 1359) incorrectly reflected the pleas and findings of the trial court. On 29 Aug 2007, after proper post-trial processing,

the convening authority completed a new action. This case came before this Court for further review with no additional assignments of error.*

Conclusion

The approved findings and sentence are correct in law and fact, and no error prejudicial to the substantial rights of the appellant occurred. Article 66(c), UCMJ, 10 U.S.C. § 866(c); *United States v. Reed*, 54 M.J. 37, 41 (C.A.A.F. 2000). Accordingly, the findings and sentence are

AFFIRMED.
