¹ While the court-martial order (CMO) accurately reflects that Charge I and its Specification (by necessary implication) were withdrawn and dismissed with prejudice after arraignment, the CMO omits Appellant's pleas of not guilty to Charge I and its Specification before the action to dismiss occurred. We order promulgation of a corrected CMO to accurately reflect Appellant's pleas of not guilty to Charge I and its Specification. We note that the Report of Result of Trial accurately reported both Appellant's pleas and the final disposition for Charge I and its Specification.
