This opinion is subject to editorial correction before final release.

**PER CURIAM:**

The approved findings and sentence are correct in law and fact, and no error prejudicial to the substantial rights of the appellant occurred.\* Article 66(c), UCMJ, 10 U.S.C. § 866(c); *United States v. Reed*, 54 M.J. 37, 41 (C.A.A.F. 2000).

\* The Staff Judge Advocate's Recommendation overstates the maximum punishment that can be adjudged at a special court-martial, but we find no prejudice because the convening authority referred the case to a special court-martial and entered into a pretrial agreement that capped the maximum confinement substantially below the jurisdictional maximum of a special court-martial. Further, the appellant noted no errors in the recommendation.

Accordingly, the approved findings and sentence are

AFFIRMED.
