Appellate Military Judges**

This opinion is subject to editorial correction before final release.

PER CURIAM:

The approved findings and sentence are correct in law and fact, and no error materially prejudicial to the substantial rights of the appellant occurred.* Article 66(c), UCMJ, 10 U.S.C. § 866(c); *United States v. Reed*, 54 M.J. 37, 41 (C.A.A.F. 2000).

* In the court-martial order, the language of the specification of Charge I does not match the language of the specification of Charge I in the charge sheet. Specifically, the specification of Charge I in the court-martial order lacks the following language: "enter the women's dressing room with the said items, conceal the said items". The appellant pleaded not guilty to this charge and specification. While we do not order new post-trial processing, we do order a corrected court-martial order that includes all the language of the specification of Charge I. Rule for Courts-Martial 1114.

Accordingly, the approved findings and sentence are **AFFIRMED**.
